

STYLE GUIDE

CLIENT

cineBro, a state-of-the-art movie recommendation platform, is positioned to redefine the cinematic journey for its users. Through the utilization of a sophisticated recommendation algorithm, **cineBro** tailors movie selections to align with individual genre preferences and ratings. Going beyond a user-friendly interface and in-depth movie profiles, **cineBro** fosters a vibrant community of film enthusiasts, facilitating connections and the discovery of hidden cinematic treasures. Equipped with valuable information such as trailers and reviews, **cineBro** ensures a seamless and informed movie-watching experience. Whether one is a casual viewer or a dedicated cinephile, **cineBro** serves as a reliable guide in navigating the vast world of cinema. The platform offers personalized recommendations, ensuring that each film night becomes an exceptional experience on this innovative and promising platform.

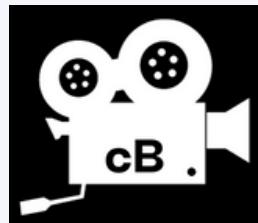

STYLE INFLUENCE AND API

cineBro's design philosophy takes inspiration from the acclaimed The Movie Database (TMDb), utilizing their API to replicate the user-friendly and comprehensive approach to movie-related information. Much like TMDb, **cineBro** aspires to establish an inviting and artistic atmosphere, fostering a sense of creativity and individuality while cultivating a passionate community of movie enthusiasts. The design emphasizes an immersive and engaging interface, allowing users to effortlessly explore films, celebrate artistic expression, and form meaningful connections in a captivating online space. The foundation of **cineBro**'s functionality is rooted in the robust features provided by TMDb's API, ensuring a seamless and enriched movie-watching experience for users.

Expend4bles (2023)

Action, Adventure, Thriller

★ 6.4 / 10

Armed with every weapon they can get their hands on and the skills to use them. The Expendables are the world's last line of defense and the team that gets called when all other options are off the table. But new team members with new styles and tactics are going to give "new blood" a whole new meaning.

Dark Mode:

Dark mode, known for its sleek appearance, reduces eye strain in low-light conditions, providing a comfortable nighttime browsing experience. In **CineBro**, the dark theme enhances the cinematic atmosphere, making movie posters and descriptions stand out against the subdued background. Its immersive feel aligns perfectly with the movie-watching environment.

Light Mode:

In **CineBro**, light mode offers clarity and readability, resembling traditional reading formats for easy information absorption. With a bright background, it creates openness, highlighting vibrant movie posters and colorful content. Ideal for daytime use, it contributes to a visually engaging experience.

WEBSITE MAP

INITIAL MOCK UP DESIGN | HOME PAGE

The home page features a dark purple header with the "cineBro." logo and a search bar. Below the header is a large movie poster for "Bird in storm (2023)" showing a colorful bird in a stormy sky. To the right of the poster are five star ratings and two buttons: "Play Trailer" and "WATCH NOW". The main content area has a dark purple background. On the left is a sidebar with navigation links: "Home Page", "Categories", "TV Series", "Movies", "Custom Result", and "About Us". The main content area includes a section titled "Recomended For You" with five movie cards: "Bird in Storm", "Nature of Adventure", "Book of Fantasy", "Steampunk Fantasy", and "Book of F".
